

## **#insight4u**

My name is Aparna Gopalakrishnan, Batch 2015-2017

*“It’s been a very nice experience with IGTC so far. They made us exposed to the corporate world as well as the German culture. The faculties are experts in their subjects and so passionate about teaching. With IGTC I got the opportunity to intern with Carl Zeiss, India and it was nothing less than a dream come true. Being from a literature background, it was so exciting to learn a new language, too. So far it was great experience; I am still looking for more... :)”*
