Hi, my name is Shambhavi Purandare!

"In April 2015 I graduated in German Language in my hometown in Pune. As I was a fresher, I didn't have any knowledge about the corporate world. I heard about IGTC from my friends who were alumni of IGTC Mumbai.

Coming to Bangalore was never my plan. But after clearing the written exam and group discussion I got to know that I am selected for IGTC Bangalore and also for the interview of Mercedes-Benz. Obviously I was very happy and excited to come to Bangalore. But it was not easy at all to leave my city, my family and friends behind me and to take the plunge into the vast ocean of new life. Mixed feelings I had with me at that time. In the beginning it was very difficult for me to get adjusted in the new city with new people and with the new chapter of life. But after some time I got used to all the things. I learnt many things here. It was an amazing experience in the internship as well.

I would like to thank IGTC for providing me such a great platform and also thank Mercedes-Benz for giving me this wonderful opportunity."
