Hello, I'm Apoorva Vyas, Batch 2015-2017!

"The course gave me a good opportunity to learn and understand how a Multi-National organisation works. Through my internship I was able to convert my classroom knowledge in the field applications and achieve my goal for the project."

"Staying in Bangalore is a good experience as it's a cosmopolitan city which makes you come across people all over the world. IGTC Bangalore helps you to bring out the expert in you as every expert was also once a beginner."
