

#insight4u

Hi, I'm Sandeepan Baruah!

"I heard of IGTC from a friend a year ago. The term "dual education system" really caught my attention, so I explored more about the programme. The more I learned about it, the more curious I became. It really seemed like a promising institution, which provides great opportunities to be trained with top class German MNCs during the internship phases included in the programme.

Besides the internship, it also provides good placement opportunities. As I dived deeper into the programme details, I also got to know that the faculty, which is associated with the institution, has wide experience in industry and a high knowledge in the subject matter.

Thus, I chose IGTC in order to get a deeper insight into the management world and to flourish in the business area."
